

Top Reasons to Finance Your Next Purchase

\$ YOUR QUOTE:
\$365/month
for 60 months

- 
Get it right now
 When the newest piece of equipment is crucial to your business, waiting for the funds to be available isn't always an option. With financing, you won't have to put forth a hefty upfront payment.
- 
Know what you're paying each month
 Financing allows you to plan and budget with a predictable monthly payment.
- 
Say no to the hassle
 Getting a loan from a traditional bank is often not an easy process since there are usually a number of restrictions. With financing through Direct Capital, you can rest assured that the financing process will be simple.

- 
Keep your cash reserves available
 Paying for the equipment over time by financing means that there is no huge cash burden with your purchase. You'll be able to keep your cash reserves clear for other expenses or a rainy day.
- 
Take advantage of competitive rates
 The best rates make financing a cost-effective solution.
- 
Reap some serious tax benefits
 Financed equipment can be deducted as an operating expense in the period in which it's paid, which reduces the overall cost. Payments are also treated as expenses on the income sheet so there's no need to worry about depreciation.
